

# Curbside Pickup Cold Storage

**Walk-ins  
shipped in  
five days\***

## Meet Demand and Increase Grocery Capacity

When you need additional cold storage capacity in a hurry, ICS one-piece walk-ins are the perfect solution. ICS one-piece outdoor walk-ins provide increased storage, freeing up valuable indoor floor space.

- Factory pre-assembled and tested for plug-and-go connection
- Fast track installation
- Cost-effective alternative to brick and mortar construction

ICS one-piece walk-ins are ideal for:

- Click & collect operations
- Food retailers
- Foodservice
- Curbside
- Food-to-go
- Street food

## Product Features

### Built to Last

- 4 inch insulation Urethane foam: R-32 freezer, R-25 cooler tested to ASTM C518
- Compliant to US and Canadian standards
- 20 year limited warranty
- 5 year door warranty

### Fast Track Installation

- Fast track installation – typically in 1-3 hours
- Easily relocated for operational flexibility
- 100% factory assembled and tested
- Ready-to-run refrigeration
- Single point electrical connection
- Factory certified installation teams

### Minimal Installation Prep Required

The unit can be delivered and up and running in a few hours. The walk-in only requires a flat surface such as a sidewalk or parking lot and a single electrical connection, which can be a generator. Your unit can be ready for use in 1 to 3 hours.

Specifications subject to change without notice.
